S. H. Gatlin, who lives on Elba route 5 brought to the Clipper office Friday two turnips which are the largest we have ever seen. One weighed 12 and one-quarter pounds and measured 35 inches around. The other weighed 11 and three-quarter pounds and measured 33 inches in circumference.

Mr. Gatlin said he had been missing some of the smaller turnips from his patch and when he saw in last week's Clipper that his neighbor, R. H. Moore, had brought some small turnips to town, he had an idea where his missing turnips had been going.

Chicks Ordered Now Mean More Cash

Poultrymen will find that the price paid for eggs the last six months of the year is higher than the first six months of the year.

For this reason, John Weeks, API extension service specialist in poultry marketing, urges the farmers to purchase chicks now.

Since fewer eggs get to the market in the last six months of the year, those who start the chicks now will have more to market at that time.

Pullets started in April or May do not come into production until late fall or winter. Such birds do not hit peak production until late fall or winter when the price paid for eggs is low.

Tigers Defeat Troy And Brundidge; Play In Kinston Friday

The Elba Tigers added victories numbers four and five to their string last week when they took the measure of both Brundidge and Troy by comfortable margins.

Closest game of this series was a 30 to 27 victory by the Tigers over Brundidge in the end of the third quarter.

The Brundidge games the Elba team went in front early in the game and led throughout.

They kept pulling away and at the end of the third quarter led 24 to 16. Brundidge put on a scoring spree in the final period that lacked only three points of closing the gap.

The team found the going easy against their opponents and coach Jim Reynolds made frequent use of his substitutes.

The Tigers led 16 to 5 at the end of the first period, 28 to 9 at the half and went on to win 54 to 22.

Jacobus capped scoring honors with 18 points followed by Davis with 16 and King and Johnson with eight each.

Mr. Rowe expects to attend a preview showing of the new car for dealers at Montgomery Saturday, January 15th.

95 Millions Pour Into State To Ex Servicemen

A stream of nearly 92 million dollars rolled into the pockets of Alabama veterans last year from benefits administered by the VA.

The exact amount, Harley A. Smith, Alabama regional manager of the Veterans Administration, said last week was \$91,645,512.87.

This includes payments to all types of benefits, but does not include death claims nor Spanish War claims.

Payment of this money entailed the issuance of 1,269,689 checks during the year.

Checks are not mailed by the VA, but each check must be authorized by the Finance Division of the Alabama Regional office of the VA.

The number of Veterans receiving benefits varied from time to time, Smith pointed out, but the average active monthly payments of all types was \$9,410.

Largest amount of money paid was to World War II veterans in training under the GI bill.

Expenditures for GI bill subsistence allowance was \$58,111,871.19 during the year.

"The Light Eternal" Biblical Drama To Be Presented Here

Drama To Feature Local Talent In Jan 20-21 Presentation

Miss Constance Gabel arrived in Elba Monday morning to start work on the spectacular Biblical Drama, "The Light Eternal," sponsored by Culver Post 42, the American Legion, to be presented at the Elba High School auditorium Thursday and Friday, January 20 and 21 at 8:08 P. M.

Miss Gabel met with Mr. Dozier Roberts, Mr. Louis F. Toman, Mr. Philip English, and Mr. Lamar Rainer, members of the American Legion and made plans to start rehearsals at once.

"The Light Eternal" is a spectacular Biblical dramatization in which many prominent people in the community will take part. It is a dramatization on the most important events leading up to and connecting with the giving of the Ten Commandments.

The drama will be compared with such productions as the motion picture "The Ten Commandments" and the famous Passion Play. It combines the finest in gripping drama, glorious music and Biblical costumes to give Elba a most unusual and spectacular type of entertainment.

Wherever this production has been staged it has drawn packed houses and enthusiastic commendations from educational and religious groups.

Former Elba Woman Found Dead From Bullet Wound

Funeral Service Here Today For Former Mary A. Donaldson

Word was received in Elba Tuesday night that Mrs. Jim Sowell had been found dead in her home. The Liberty Church community, about 20 miles north of Montgomery on the Birmingham highway.

According to the report, Mr. Sowell, an employee of the State Highway Department, returned to his home about 5:00 o'clock Tuesday evening and noticed that his automobile was missing and supposed that his wife had taken the car and gone to a near by store.

Mr. Sowell went to the store and asked if anyone had seen his wife. Upon receiving a negative reply, he returned home and found his two children asleep.

He started a search for Mrs. Sowell and found her body in a junk room off the kitchen. There was no sign of a struggle. Deputy Sheriff Clyde White said, but it was determined that she died of a 22 caliber bullet shot into the back of her head.

Sheriff Allen Stewart said Sowell reported that his automobile, a 45 caliber automatic pistol and a 22 caliber rifle belonging to him were missing. Sheriff Stewart said the husband told him that the children, one two years of age and the other eight months of age, were asleep in the bedroom when he returned home and knew nothing of the slaying.

Mr. Sowell said that young Watson, whose home is in Brewton had been having trouble with his classroom studies in Brewton and had come to the Sowell home to live.

It was reported that Watson was missing along with the Sowell automobile and guns and that he did not attend school Tuesday.

role of the granddaughter. The drama has a modern angle all the way through as the story is supposedly being told by a grandchild in an effort to show that we must return to the fundamental truths if we are to live with one another in peace and if our nation is to remain a prosperous and great.

The story of "The Light Eternal" begins with the story of Joseph being sold into slavery, later elevated to the governorship of Egypt and still later reunited with his brothers. It is all portrayed in an interesting and dramatic manner by the characters in the production.

Also the complete story of the deliverance of the Israelites from bondage by Moses and Aaron are portrayed with a dramatic intensity.

One important character is Rev. O. M. Fox, playing the part of the grandfather, who carries the first and last scenes of the production and makes a number of important announcements concerning the entire "Light Eternal". Judy Larkins has the

HAYES HARDWARE CO.

SAFE TO TREAT HOTBED AND COLDFRAME LUMBER
A preservative used to lengthen the life of wood has been found safe for coldframe and hotbed lumber.
Lyle Brown, API Extension Service Horticulturist, reveals that after wood has been soaked in pentachlorophenol and permitted to dry, no fumes harmful to plants will escape.
Experiments show that leaves directly touching the wood will be burned but there is no danger of this damage extending to other parts of the plant.
Since pentachlorophenol, often a cheap and easy way to add years to the life of coldframe and hotbeds, Brown believes that many farmers will want to try it.

Farmers who saved cottonseed for planting the 1949 crop should make plans now for getting their seed reginned and treated. Experimental results over a four-year period show that where the seed were reginned and treated, the average yield was one-fifth bale per acre than where fuzzy, untreated seed were used.
tensity and suspense that is hard to describe.
Although this story is well known to everyone it is presented in a new and different manner that will hold the audience spellbound. Your own neighbors and friends play the parts of the guards, court girls, Pharaoh and shepherds of 4,000 years ago, and they will be dressed just as they were dressed then complete with beards, headpieces and colorful costumes.
Other local names to take part in the cast are Mr. Kermit Crook, Gene Fuller, Fred Rainer, Olin Kears, Byron Turman, Dozier Bryan, Rev. Fred Davis, Ann Fox, Evelyn Sego, Ann Watkins, Kimmy Dorsey, Alva Devane, Billy Oggs, Dick Brown, J. V. Wright, L. P. Mullins, Marie Kears, and Juanita Fuller.
Mrs. Kimmy Dorsey has been chosen to direct the chorus, the beautiful music lending a background to the entire production. Some of the most beautiful and best loved hymns and anthems have been chosen for the music of "The Light Eternal."
A contest to determine Elba's most typical American boy and girl will be held in connection with the play. The contestants are to be between the ages of 6 and 16 years and votes are for sale for one cent each. Anyone wishing to suggest a worthy entrant may do so by calling Miss Gabel or seeing any member of the American Legion.

ELBA WINS TWO ... (Continued from page 1) ...

Thrash paced the losers with 6 points each.
Tuesday night the B team headed by Hurd, Nails and Carroll with 8, 7 and 6 points won handily from Troy 35 to 12.
The vastly also overwhelmed the Troy opponents winning by a score of 47 to 24. Davis was ill and unable to participate in the contest but his place was ably filled by Johnson and Dye. Top scorer for Elba was Billy Jacobs with 17 points followed by King with 13 and Johnson eight. Popwell of Troy led his team with eight points while Livingston and Hattaway compiled six each.
The Tigers face a severe test Friday night when they take on the strong Kingston five in Kingston. Following that game they face Florida, New Brockton and Dothan, three of the strongest teams in the conference. Their undefeated record will be hard to keep against these teams.

Elba Singing Society
The Elba Singing Society held its monthly singing Sunday afternoon at the Elba Community Center with a large attendance. Many singers were present from several counties and a fine program was rendered. The Society's new book was used for a part of the songs and a number of new songs were rendered.
A mixed quartette and a male quartette were pleasing features of the program. The Society meets the second Sunday in each month.

MRS. RAINER ENTERTAINS THREE CIRCLES OF M. S. C. W.
Mrs. Lamar S. Rainer entertained the three circles of the M. S. C. W. at a tea on Friday afternoon, honoring Mrs. John L. Morris, wife of Rev. John L. Morris, lecturer on Bible Archaeology. Mrs. Rainer, wearing a becoming gown of brown crepe, greeted her guests.
Living room decorations were poinsettia and narcissus. The dining room table was overlaid with a lovely lace cloth and centered with a low crystal bowl of pink camellias. Crystal candlesticks holding long slender tapers completed the table decoration.
Mrs. Mayo Prescott, president of M. S. C. W., poured coffee and tea. She was dressed in a handsome black silk dress.
Sandwiches, suzette, and salted nuts were served.
Mrs. Morris, the guest of honor, wore an attractive beige crepe dress and a corsage of white carnations.
Twenty-five ladies attended.

Coming JAN. 22 New Chevrolet for '49
Tested and Proved... on the world's toughest Proving Ground

WHEN you see the 1949 Chevrolet, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction, as well.

But, it's a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

ALABAMA POULTRYMEN CAN SUPPLY DEMAND

"Poultrymen can and must meet the demand for poultry products in 1949 by using good management practices," declares John Ivey, API extension service poultryman.

To obtain more efficient egg production, he recommends that all non-producing birds be removed from the flock at this time. When inefficient, feed-wasting birds are culled, good layers produce more eggs.

After washing, stretch fingers of kid gloves with a curling iron.

EACH RAT THAT YOU BOARD COSTS YOU \$3 A YEAR

The board bill for one rat runs \$3 or more a year. This means that the annual rat damage in Alabama amounts to at least ten million dollars.

W. A. Ruffin, API extension service entomologist points out that rats are carriers of Brill's fever. The disease is transmissible from a diseased rat by fleas. Last year there were hundreds of cases of Brill's fever reported in Alabama.

To control rats, Ruffin recommends community or city-wide rat control campaigns. The safest way to kill large numbers of rats is to use a bait that contains Red Squill, a poison that causes vomiting. Since rats cannot vomit, it will kill rats, yet is relatively harmless to other animals.

Use ground beef or fish as bait. Mold bait into pieces the size of a large pecan and place near rat holes, along the walls of a building, or where rats have been seen.

Keep doughnuts from absorbing too much grease by removing them from hot grease with egg whip.

When frying oysters, turn them with a spoon instead of a fork. By doing this the skin is not pricked and no flavor will be lost.

Mrs. Julia Harris is visiting Mrs. Bertie Stewart in Montgomery.

Mrs. R. A. King, Mrs. Dillard Pierce, Mr. and Mrs. Green Cook, Mrs. N. M. Ham and Mr. Polk, Ham of Opp visited Mr. and Mrs. Amos Clemons, Miss Estelle King and Dr. and Mrs. D. A. Bush during the week-end.

Smile Please

LOOKED SUSPICIOUS

A certain Southern banker who was quite bald, and extremely sensitive about his polished dome, kept his hat on most of the time, even in his bank.

One day banker Smith was standing near the teller's window, when Cephus, the junior of the bank, stopped up to get his weekly pay check cashed.

"Cephus," chided the banker, "naturally, 'why do you take all your pay away with you every week?' Why don't you open an account and leave some of it with us?"

Cephus glanced warily at Smith's hat, which, as usual, was pulled down over his bald head.

"Master Smith," he giggled, "I'm afraid to 'see, sah, yo' looks like yo was always ready to st' some-where!'"

COOLING, TOO

One day two visitors to the Virginia mountains observed a woman dousing the reclining figures of two lanky men with water. She had just emptied the third bucket on her sleeping menfolk when she noticed the interest of her visitors. She explained: "Keeps the flies off 'em."

Hopeful Scot

Little Angus was given a new 10-shilling note for his birthday. Going to the local chemist, he had the note changed into sixpences and shillings. Then he went across the street to the grocer and received a 10-shilling note for the change.

He repeated this several times. Finally his father called him to account for his strange behavior, and Angus explained: "Well, sooner or later somebody is going to make a mistake, and it's not going to be me."

Time and Change

Twin brothers, 25-years-old, were marooned by a freeze-in at the North Pole. Each day for exercise the two ran in circles in opposite directions around the pole.

Now it is well known that each time a traveler circles the pole he loses or gains a day when he crosses the international date line. When the expedition finally returned to this country, one of the twin brothers had a long beard and was carrying his baby brother in his arms.

Always Loaded

Boy—if you had only one ear-tridge in a good gun with a bad bull coming up on one side and a hungry lion coming up on the other, which would you shoot?

Insurance Salesman — Well, I hardly know. That would be hard to decide, wouldn't it?

Boy — Shoot the lion, mister. If you're a good insurance man, you can shoot the bull any time.

Born Sportsman

A group of prep school boys was listening to the headmaster's account of how a boy had been injured sliding into second base during the ball game that afternoon. The master said hopefully that they thought there was only a concussion — no fractured skull. After a moment of silence one boy broke out: "Was he safe?"

DUCKS WERE CHICKENS

Mother—Son, one of those ducks you were out shooting last weekend called and left her telephone number.

Pointed Example

Uncle John came to stay for a while, and before he left he gave his nephew a \$10 bill.

"Now, be careful with that money, Tommy," he said. "Remember that 'a fool and his money are soon parted.'"

"Yes, uncle," replied Tommy, "but I want to thank you for parting with it just the same."

CONTROL CATTLE GRUBS

January is the time to kill cat-
tle grubs in Alabama. They may
be killed as late as February in
the upper two-thirds of the state.
A spray mixture to control grubs
is made by mixing seven and one
half pounds of a material that
contains five percent rotenone
into 100 gallons of water. Another
mixture that will give good
control is a dust that contains
about two percent rotenone.

For added flavor when baking
apple, place a stick of pepper-
mint candy inside an apple.

About People and Things

By C. B. McDowell

Attends Meeting

Kimmy Dorsey is attending a
truck manufacturer's conven-
tion at Edgewater Park, Miss., as
a representative of Dorsey Tra-
ckers. Mr. Dorsey is purchasing
agent for the Dorsey Company.

Must Suit Wife

An expert judge of keen-edged
tongue, he was seen recently in-
specting his own car at a hardware
store. He said he found one that
would suit him, but he was afraid
it was a bit too heavy for his
wife to use to good advan-
tage.

Band To Tour API

Bandmaster Almon Strain is
planning to take the Elba School
band to Auburn Sunday morning
where the members will make a
tour of inspection of the college
buildings. From there they will
go to Camp Hill where the band
will give a concert in the after-
noon at the boy's school.

Fick At Chicago

H. H. Fick, representing Dor-
sey Trailers, is attending the
Associated Equipment Distributors
convention in Chicago, Ill.
this week. The Dorsey Company
has two machinery trailers on
exhibition at the show.

Elbians Broadcast

A party of Elba Methodists
put on a program Sunday after-
noon over radio station WIRB,
Enterprise, under the Coffee
County Ministerial Alliance from
4:30 to 5:00.
